PSHE

This week we are going to share the story 'Mixed-A Colourful Story' by Arree Chung. This is a story that tries to help us understand the world around us. You can listen to a read along version of it here:

<https://www.youtube.com/watch?v=U1eeOZZ4WyU>

Here are some questions for you to discuss with a grown up.

- 1) What is the main problem that happened in the story?
- 2) How is the problem solved by the end of the story?
- 3) What do you think is the message of the story?
- 4) What lessons do we learn from the story?

You will see below some examples of 'Mixed' in our world today? Perhaps you can think of some other examples? This could be in the friends that you have or family you live in.

Can you think about the different feelings of the colours throughout the story? How did they feel when they all lived together? Did they feel the same when they were divided and living in separate towns?

C1- Can you draw faces to show how the characters might have been feeling?

C2- Can you draw faces of how the characters might be feeling and label them with an emotion?

C3- Can you draw and label faces of how the characters might be feeling and explain what is making them feel this way?
