

## Diamond Class daily learning tasks 13.07.20

Please remember that there is still online daily English lessons that you can follow as well as continuing with the books we sent home if you wish. We still have Power Maths workbooks for your child should you have finished the maths we sent home at the start of school closure. If you would like the new workbook, please contact school to arrange a time to pick it up from the staff car park. It will be left in a bag on the double gates so you can simply pick it up with out any contact. Please also remember that you can still complete Doodle Maths, English, Times tables and Spellings daily.

Miss Swinson is now planning all English and some topic activities for Diamond Class, alongside Mrs Glover's Computing activities for a Thursday. In English we will continue studying the book 'At the beach'.

### Monday

#### Design Technology

Over the next two weeks, you will be carrying out a design technology project based on our coasts topic entitled, 'The beach chair'.

Open the attached powerpoint, 'DT Beach chair ppt'. Read all the lesson 1 slides and answer all the questions either on the attached worksheets or in your book.

We will continue with the other lessons on the power point next week.

### Tuesday

#### Geography

It would be lovely to go to a rock pool and find some coastal animals but we will have to make do with imagining we are there unless you were lucky enough to go to the beach at the weekend!

Open the file 'Rock pool research'. Use the internet to find out about each of the animals on the sheet and write something about them. If you are a higher challenge level, you might prefer to complete your own file in word so that you can add more detail.

<b>Wednesday</b>	<b>Computing</b> Please see attached file 'Scratch computing project' for seven weeks worth of computing lesson plans. We are now on week 7.
<b>Thursday</b>	<b>Art</b> <b>Zaria Forman</b> Continue working on your picture from last week. If it is finished, use google to research famous artists who painted the sea. In word, paste in pictures from the artists and give your opinion on their work. What do you like or dislike? How have they used lines, textures and colours to create the piece?

# Friday

## Forest school activity

Leaf baskets

What you will need:

- A collection of leaves of different sizes, shapes and colours.
- A plastic bowl (disposable ones for parties are ideal)
- Glue
- Petroleum jelly

The activity:

- Turn the bowl upside down and cover it with a thin layer of petroleum jelly. This will help you remove the bowl later.
- Cover the bowl in a thin layer of leaves and cover thoroughly with the glue, like you would for making papier mâché.
- Keep adding layers of leaves and glue until you have several layers.
- Decorate the final layer with other objects such as seeds, catkins or anything else you can find.
- Give it a final coat of glue.
- Leave it until the leaves are dry completely, then remove the bowl.

You now have your own natural bowl to store things in. Maybe you could use it as your collection bowl for your outdoor activities. Please don't use it for food! It wouldn't be very hygienic.
