

Wednesday 21st October

Dear parents and school staff. please adopt a Gorilla!!!

As time has been going by, lots of animals are very sadly becoming extinct; one of those animals is the Gorilla.

The Gorilla is a very mischievous and very large version of a Monkey with 98% human DNA and are very human like. Four species of Gorilla have already become extinct due to poaching and occurring habitat loss.

Adopting a Gorilla will make sure they are well trained by professionals and set into a safe place in the wild where they will live happily; adopting a Gorilla is only £3 now help save a poor Gorilla's life!

With your adoption, you will receive a adoption Gorilla magazine, a adoption pack and a free cuddly Gorilla toy.

When you adopt your Gorilla, you will help it survive and once it's ready be reared somewhere safe where they can never be hurt again!

I'm writing this to persuade you to adopt a poor lovely Gorilla.

Gorillas are very endangered and need urgent help otherwise they will have their depressing fate.

Thank you for reading this letter and please adopt a lonely Gorilla.

😊 Your dear end sentence telling me what to do makes me want to adopt the gorilla!
