LION!!!

Dear Staff, Parents/cars of Feggburgh Primary School.

I am going to persuade you that we need to adopt a lion.

We really need to act now! They are going to face extinction from the numerous threats; habitats loss in encroachment by humans. In the West Africa all the lions are in so much danger.

The lion comes with a:

Adoption pack,

Soft toy,

Adoption magazine,

It's only £3 per month.

If you adopt it would rescue, care and support the vulnerable lions and save from exploitation and captivity. You need to provide a life time of safe homes for the lions.

Yours Sincerely, Kayleigh.

I love the powerful line 'we really need to act now!' It makes me want to adopt.
