

wednesday 21st October

I want to persuade my teachers
because I am going to persuade her
of a moon bear I really love moon
bears and they are so adorable
and cute they are so cute I really
want to adopt a moon bear they
are always cute.

I want to persuade my family
of a moon bear because I love
them so much they are so beautiful
I really want one I am dying
for a moon bear they only live
for 28 years in the wild and
they are sealed from people.

I want to persuade my friends
of a moon bear because they
live in the wild all on its
own it is not very nice to
have a moon bear in the wild
they are very in danger and they
are just so cute and respect
and courage they are very
nice and cute they are so fluffy
and cuddly and warm.

I want to persuade my dad
because my dad loves moon bears
they are so happy and my dad
loves moon bears are so adorable.

and they always recognize they
are just so so kind they live
in the wild they are very cute
in the wild they are very cute
in the night he don't have any
costs in the wild it is always
cold in the night especially in
the night their heart is so nice.

I want to persuade my family
because moon bears are just
so so so so nice they normal.
to be with they are so kind it
only costs 1000 pounds or you
can pay 5 pounds of 1000 pounds
they are so cute I love them.

I want to persuade my friends
because you can get a adoption pack
and it is 1000 pounds per
month they are very cute
to be with and they are very
nice to be with adopt magazine
you can get a cuddly toy for
the moon bear then also is sent to
lights are enough.

😊 I like how you have spoken directly
to your family - that should definitely
persuade them.
