moon bears

you have to addoped this animal
if other wise it will die. is people dont
addoped moon bears, the will in the
end get extincted! you will get a
today 3-year animal and a magazine
you will also get a picture of your
animal and that isn't even the
best bit you only have to pay
a pound a month! is you dont
save moon bears they will get
caught! people love setting
traps and they are catching
moon bears (lots of moon
bears), they are removing there
teeth and claws and there
fur. people are cutting down
there natural habitat!

people are putting them in cages.
moon bears are being strangled!
there natural habit's disapearing
moon bears are suffering. they are
probably wearing of the wild. they
are so sad, at the least you can do
is addoped this wonderful creature
they must be so scared! it is so
terrible that these mean
people are killing the lovely
animals. now you under'stand
you have to addoped this animal.

☺ I do understand thanks to all the facts!
